

RACK COVERS

bio**BUBBLE** Rack Covers are custom manufactured to fit any size rack, trolley, cart, or other vivarium fixture. Rack Covers are constructed of incredibly strong and durable vinyl coated polyester fabric and NASA spec hook and loop creating the longest lasting covers on the market. Use Rack Covers for the transport of both clean and dirty materials to maintain the highest possible cleanliness levels in the vivarium. Standard Rack Covers are available in eight different colors to facilitate the segregation and easy identification of components within the facility. Rack Covers easily slip onto your existing racks and can be secured around the lowest shelf (optional). Standard Rack Covers are washable on an alkaline cycle at temperatures up to 180° F. Autoclavable materials are also available (limited color selection).

HOW TO ORDER

You **must** measure your rack very accurately. The cover will slip down over your rack. Please follow these measuring procedures when ordering:

- Step 1:** Lower the bottom shelf on your rack to its lowest position.
- Step 2:** Measure the height from the bottom of the lowest shelf to the top of the top shelf.
- Step 3:** Measure the width and depth, including *any protrusions*. Your Rack Cover will have approximately .5 - 1 IN (1.27 - 2.54 CM) of clearance on all the dimensions.
- Step 4:** Write the dimensions on the drawing below.
- Step 5:** Indicate the quantity for each color and type for this size of Rack Cover.

Standard ___ white ___ yellow ___ red ___ green
 ___ light blue ___ royal blue ___ gray ___ black

Autoclave ___ white ___ red ___ green

Step 6: If you specified standard Rack Covers, do you prefer:

- hook and loop** (velcro-type)
- zippered closures**

(Autoclave Rack Covers available with hook and loop only)

Step 7: Do you want hook and loop around the inside bottom of the cover to attach to the bottom shelf of your rack? **Yes No (Circle one)**

Step 8: Return this form with your order.
